Get-Ready-for-Kindergarten
Summer Games and Activities

Beginning Sound Game
This is a fun one to play in the car. Choose two words and ask your kindergartner if they start with the same sound. For example, you may say, "Do moon and monkey start with the same sound?" It is not necessary for your child to know that they both start with the letter M - just that they can hear that the sounds at the beginnings of the words are the same. Repeat for several rounds. You may even choose to have your kindergartner ask you similar questions. When this becomes easy, try the same game with ending sounds.

Shaving Cream Letters and Numbers
Squirt shaving cream onto a large, flat surface, such as a table or cookie sheet. Encourage your kindergartner to write letters, numbers, or even their name (don't forget the capital letter at the beginning) in the shaving cream.

I'm Thinking Of...
This is another one for those long car rides. Give your kindergartner clues to a word you are thinking of. Clues may include things like, "I’m thinking of a word that starts with c and ends with t." "Or, I’m thinking of a word that rhymes with sat."

Build Fine Motor Skills
Allow your kindergartner lots of opportunities to build the muscles in their hands. Use squirt bottles (try to write your name on a fence with water), build things with play dough (maybe even letters or numbers), use tweezers to transfer cotton balls (or other small objects) from one cup to another, or trace the pictures in a coloring book instead of coloring them in.

Shape I Spy
Play I spy with shapes. For example, you or your kindergartner may say "I spy something that is a rectangle." Use these shapes: Circle, Square, Rectangle, Triangle, and Hexagon. Whey you’re feeling good about those shapes try: Cube, Cone, Sphere, and Cylinder.
